NRO - McMillan Proposal for A/c Ops Unit

DD/R (Scoville) to D/NRO

1. JRC should not serve in dual capacity - serving two masters.
2. Establish a Program E which would include all a/c overflts under control of the military just as Program B includes all assigned to CIA. This wld be responsibility of JCS and Chairman of JRC could be Director of Program E.
3. CIA Program B and DOD overflight programs do have operationally experienced personnel -- perhaps NRO Staff is lacking.
4. D/O of NRO Staff cannot set targets -- that is COMOR-USIB prerogative.
D/O of NRO Staff should not prepare plans to be submitted to SG -- this should be Director Program B's prerogative.

NRO review(s) completed.
